782. Guam-- View of shore from Transport Thomas.

783. Guam--View of shore through port hole.

784. Guam--View in harbor. The barge has just unloaded soldiers on the transport.

785. Guam--View in harbor. The barge has just unloaded soldiers on the transport.

786. Guam--View of shore.

787. Guam--View of shore.

788. Philippines--Mr. Higgin's house at Los Baños.

789. Philippines. View at Baguio.

790

790. Philippines. View at Baguio.

791. Philippines. Spiny bamboo. The commonest bamboo of the lowlands (Bambos spinosa). Much used for construction.

792. Philippines, Hut in village.

792

793. Philippines. Bamboo hut with palm thatch.

793

794. Philippines. Bamboo hut.

796. Philippines. Load of grass tied in bundles to be used for forage.

795. Philippines. Bamboo hut.

797. Nikko, Japan. Street. Cryptomerias in background.

798. Small bamboo, forest along trail, Nikko to Lake Chuzenji.

799. Station at Nikko.

800. A Japanese hotel at Nikko.

801. Mountain stream between Nikko and Lake Chuzenji.

802. Cryptomeria avenue 25 miles long. View from railroad, the cryptomerias in background.

803. Boys at a bathing pool, Nikko.

804. Road near Nikko.

805. Temple at Nikko.

805

806. Pagoda at Nikko.

807. Sacred bridge. Nikko.

807

808. Temple at Nikko.

810. Hotel at Nikko.

809. Articles packed in rice straw
for shipment at a station between
Nikko and Tokio.

811. Rice paddies on way to Nikko.

812. Lake Chuzenji.

813. Among the temples. Nikko.

814. Street at Lake Chuzenji.

815. Bamboo along a bank. Lake Chuzenji.

816. A mountain stream between Nikko and Lake Chuzenji.

817. Ricksha station. Nikko.

818. Passing through a fishing fleet near Formosa.

819. Bathing beach at Hommokee, Japan.

820. Bathing beach at Hommokee, Japan.

821. Room in Japanese hotel, Hakone. A meal being served.

822. Room in Japanese hotel, Hakone. Bed. Ladies' dresser.

823. Forest on way to Hakone.

824. Gate to private residence on way to Hakone.

823

824

825. Fence of bamboo (Arundinaria chino) on way to Hakone.

826. Arundinaria chino on way to Hakone. The common bamboo of the region.

827. Hills near Hakone covered with A. chino.

828. Hills near Hakone covered with A. chino.

829. Arundinaria albo-marginata and a bamboo basket near Hakone.

831. Tomb of a saga, on way to Hakone.

830

830. Cart on road to Hakone.

832. Yokohama, unloading coal from a barge in a canal.

833. Peasants hut near Gotemba. Bundles of firewood at left.

834. Pines on prairie west of Gotemba.

835. Rest house at Taroba about timberline on Fuji.

A. tinctoria
838. Alder (Alnus incanus) with wild rose. Taroba on Mt. Fuji.

836. Road through oak belt, Gotemba to Fuji.

837. Yokohama, unloading coal from a barge in a canal.

839. Larch on bare ground. Taroba. Note the discarded straw sandals used by climbers. Taroba is the starting point for climbing Mt. Fuji above timberline.

840

840. Spruce near Taroba on Mt. Fuji.

840

841

841. Sugi (Cryptomeria?) and Hiba (Thujopsis dealbata)

841

842. Sugi (Cryptomeria?) or Hiba (Thujopsis dealbata)

842

845. View from tunnel between Hakone and Gotemba.

846. Looking toward tunnel from east.

844. Tunnel between Hakone and Gotemba.

843. Mr. Nakayama, Assistant to Dr. Kuwana.
He accompanied me on my trip to Fuji.

847. Arundo chino. From within clump.

849. Fuji from tunnel. The peak is hidden by clouds.

848. Lake Hakone from north.

850. Mt. Fuji from the tunnel, mostly hidden by clouds only a little of the very peak showing at the arrow.

851. Lake Hakone.

852. Mountains covered with bamboo.

853. View toward Gotemba.

854. Dr. Kuwana, Director of Plant Quarantine station, Yokohama.

855. Dr. Kuwana, Director of Plant Quarantine station, Yokohama.

856. Plant Quarantine station. Dr. Kuwana by gate.

857. Peasant's hut with bundles of grass for firewood. Nanking.

858. Hut with garden. Nanking.

859. Nanking. A peasant's hut. Fish pond at left,
compost heap in center.

860. Miscanthus sinensis? on hillside, Nanking.

861. Peasant's hut in valley, Nanking. Sweet potatoes in foreground.

862. A typical valley, Nanking. Fish pond at left. Highly cultivated on the low land, native grasses on the slopes and hills.

863. Boy hurrying away with carabao for fear of photo

864. Same as 862 but down the valley to left.

864

865. Peasant's hut. Stack of grass fuel at right.
Taro (Calocasia esculenta) in foreground.

866. Ricksha that brought us to Agr. school. Nanking.

867. Agricultural school. Nanking.

870. Dr. Bowen's residence, University of Nanking.

868. Agricultural school. Nanking.

869. On way to Shanghai, showing flooded rice fields. In the background peasants are harvesting rice in the water. The two objects in right-center are bundles of rice on crossed poles on a dike to dry.

871. Main building. University of Nanking. Lawn of Eremochloa.

872. Little Orphan. A rock in the Yangtse River.

873. Flooded fields along Yangtse.

874. Boarding a river-steamer from a lighter in motion.

875. Boarding a river-steamer from a lighter in motion.

876. Pagoda between Nanking and Kiu Kiang.

874

875

876

877. Pagoda. Nanking to Kiu Kiang.

878. Two Chinese who went with me from University to Agricultural School.

889. A dormitory at Agr. School.

890. A temporary building. Agr. school with bamboo matting walls.

891. River steamer Yangtse. Chinese sailors eating.

892. Mrs. Hitchcock in chair on river steamer.

893. Street scene, Nanking.

894. Street scene, Nanking. Near wharves.

895. Street scene, Nanking, near wharves.
Mrs. Hitchcock in carriage.

896. Boarding river steamer, Nanking.

897. Yangtse river. View from steamer.

898. Along wharf, Nanking.

899. View from train, between Nanking and Shanghai. The numerous mounds are graves. Mulberry in foreground.

900. House and rice field. Yangtse Valley.

901. View from train at station. Advertisements in background.

902. River front at Kiu Kiang on the Yangtse river. One disembarks here for Kuling.

904. Measuring pease on the wharf at Kiu Kiang

905. Little Orphan. Yangtse river.

906. Little Orphan. Yangtse river.

907. Mrs. Hitchcock taking a rest on the river steamer.

903. A junk at Kiu Kiang.

908. Zizania latifolia. City wall of Nanking in background. The signs on the wall are advertisements.

909. Ricksha party going out of city gate.

910. Experiment substation. Univ. Nanking. Note the modern stocking supporters.

911. Picnic party. Nanking. Dr. Bowen, President University of Nanking at left. Mrs. Hitchcock at right. Mrs. Bowen next to her.

912. Picnic party. Nanking.

913. Near Nanking.

914. Street scene, Shanghai.

915. Street scene, Shanghai.

916. Street scene, Shanghai.

917. Street scene, Shanghai.

918. Street scene, Shanghai.

919. Street scene, Shanghai.

920. Mrs. Main's house. Shanghai.

921. Missionary home. Shanghai.

921

922. Street scene Shanghai. A heavy load pulled by 5 men.

923. Street scene, Shanghai, showing methods of transporting loads.

924. Street scene, Shanghai.

925. Street scene, Shanghai.

926. Street scene, Shanghai.

927. Street scene, Shanghai.

928. Street scene, Shanghai.

929. Street scene, Shanghai.

930. Bamboo in front of Mr. Henry's house.

931. Same as 930, showing culms.

932. Hedge of Bambusa nana. Canton.

933. Bambusa beecheyana. Edible shoots.

934. Incense sticks of bamboo. These sticks are made into joss sticks.

935. Pen bamboo. Arundinaria. The stems are used as handles for the Chinese brushes used for writing.

936. Bambusa nana, Canton.

937. B. beecheyana. Near Canton Christian College.

938. B. beecheyana. Near Canton Christian College.

939. B. beecheyana. Near Canton Christian College.

940. Bamboo sticks for incense. Later they are treated as in 934.

941. Banyan trees.

942. B. beecheyana. Near Canton Christian College.

943. B. beecheyana. Near Canton Christian College.

944. Carabao in inlet near Canton Christian College.

944

945. Spiny bamboo. Canton. (Bambos spinosa).

945

946. View from near summit of White Cloud.
Canton and Pearl River in the distance.

946

947. View from near summit of White Cloud.

948. Chinese assistants and coolie. Trip to White Cloud.

949. Our party at Yingtak. Mr. McClure second from left.

950. Mountains near Yingtak. North River in distance.

951. Mountains near Yingtak.

952. Yingtak and surrounding valley on North River.

953. Ying Tak. Shrine by roadside.

954. Ying Tak. The poles are used for pushing the boats in shallow water.

955. Ying Tak, view of valley.

956. Chinese making ramie fiber near Ying Tak. Banyan roots.

957. Interior of temple. Ying Tak.

958. View of valley. Ying Tak.

959. Bamboo at mission--Dendrocalamus?
Ying Tak.

960. A wayside shrine. Ying Tak.

961. Street scene. Ying Tak.

962. Street scene. McClure at left.

963. Valley & city from hill north of city. Ying Tak.

964. Street scene. Bridge at Yingtak.

965. Saccharum spontaneum in valley. Ying Tak.

966. Looking across river--Pagoda. Ying Tak.

967. Valley looking west from temple above city. Ying Tak.

968. Scene on bridge. Ying Tak.

969. Mountains around city. Ying Tak.

970. Raft on river. Ying Tak.

971. Old Fort on summit of hill. Ying Tak.

972. Grass covered hills. Ying Tak.

973. Scene on bridge. Ying Tak.

974. Grave surrounded by grass. Ying Tak.

975. Mountains, all covered with grass. Ying Tak.

976. River from Mission. Ying Tak.

977. River scene. Shiu Chow.

978. Rest house at summit of ridge. Shiu Chow.

979. Grave on hillside. Shiu Chow.

980. Grave on hillside. Shiu Chow. (Showing 979.)

981. General view of valley. Pine planting. Shiu Chow.

982. Banyan near Mission. A sacred tree. Shiu Chow.

983. General view of valley. Shiu Chow.

984. General view of valley. Shiu Chow.

985. Main mission building. Mr. Vickers.
Shiu Chow.

986. Sampan. The pole is for pushing in shallow water, the oars for deeper water.

486

987. Threshing soy beans with flail. McClure at right. Shiu Chow.

988. Threshing soy beans. McClure about to try it. Shiu Chow.

989. Entrance to office. Botanic Garden. Huê.

991. Bambusa maxima. Note the thick stubby shoots. Huê

990. Travelers tree. Botanic garden, Huê.

992. Bambusa maxima. Huê.

990

991

993. Bambusa maxima. Huê.

994. Bambusa vulgaris (green-striped). Botanic Garden, Huê. Called golden bamboo.

995. Bamboo. Annamese name tre cáng giaó. Huê.

996. Arundo piscatoria. Growing in Botanic Garden. Huê.

997. Arundo fax Lour. Huê. Growing in Botanic Garden. Hue.

998. Arundo fax Lour. Huê. Growing in Botanic Garden. Hue.

999. Mr. Pidance, Director School of Agriculture.
Hue.

1000. Mr. Pidance, Director School of Agriculture.
Hue.

1001. Pandanus along shore by Mr. McCandliss' Mission. Hoihow.

1002. Schooner with lime. Hoihow.

1003. Making salt. Drying floor. Terminalia in background. Hoihow.

1004. Large spiny bamboo. Hoihow.

1005. Small spiny bamboo. Hoihow.

1006. Mr. McCandliss. Hoihow.

1007. Making salt-- pouring the brine.
Hoihow.

1008. Mission compound. Hoihow.

1009. Lime kiln. Bamboo basket filled or
lined with clay.

1011. Burning lime.

1010. Wheelbarrow carrying salt earth.
Hoihow.

1012. Making salt. Hoihow. The salty
earth is scraped up from tidal
flats and leached with water.

1013. Church. Macao.

1014. Rickshaw. Macao.
